Knorr Brake Corporation (Westminster, MD)

DDC inc. served as civil engineer, surveyor & landscape architect for Knorr Brake Corporation's new facility in the Westminster Technology Park, north of Westminster, MD.

Phase I of the project includes approximately 254,000 of manufacturing space on the 24 acre site and provides all necessary accommodations for a future Phase II expansion. The plans were approved by the City of Westminster in November, 2011, and the project is awaiting the commencement of construction in the spring of 2012. The project is also currently pursuing LEED Certification. At full build-out, the facility will include over 400,000 s.f. of office and manufacturing space.
