

Baltimore Crossroads at I-95, Areas 9 & 9A (Baltimore, MD)

DDC inc. served as civil engineer, surveyor, and landscape architect for the development of 430,000 s.f. of industrial and manufacturing space in the Baltimore Crossroads Business Park near the intersection of I-95 and Maryland Route 43 in Baltimore County, Maryland. DDC inc. was responsible for site layout, site grading, utilities and landscape design for two buildings with associated loading and parking, for 2,150 +/- of the new Bengies Road in White Marsh, MD, and for multiple stormwater management facilities associated with the buildings and new public road. DDC worked closely with county staff and associated professionals to establish the proposed program adjacent to numerous environmental easements and a preserved Native American archeological site. As-built drawings for facilities were completed in the fall of 2011.
